

## MY:NELLY

Ett projekt framtaget för [nelly.com](#). I Sverige växer modebutiker på nätet så att det knakar. För att vara extra spännande har Nelly tagit fram en site för sina profilsamarbeten (t.ex. Kenza Zoutinen). Där som kan följa statistik, låna hem produkter, skapa kreativt innehåll på olika sätt med olika webbverktyg. Nelly är idag ensamma om denna tjänst sedan 1-2 år tillbaka. Tjänsten används av många av dom största modeprofilerna i Norden. Speciellt dom som passar Nellys varumärke.

Vårt första externa uppdrag.
